

Nicholas DenBleyker

Raleigh, NC

ndenbleyker@gmail.com [Homepage](#) | [Linkedin](#) | [GitHub](#)

Professional Summary

Resourceful, technically skilled, and people-focused professional with a knack for mastering complex systems and turning knowledge into practical solutions. A lifelong learner with strong communication and active listening skills, I thrive on understanding nuanced problems and using that insight to support others and drive meaningful outcomes.

Education

Bachelor of Science in Exercise Science Pre-Professional Specialization

Appalachian State University – Boone, NC

August 2014 – May 2018

Work Experience

Technical Support

PayBright – Raleigh, NC

October 2024 – Present

- Provide inbound/outbound support for payment solutions, including technical troubleshooting, onboarding, and implementation walkthroughs.
- Deliver empathetic, solutions-oriented service while balancing speed, accuracy, and professionalism.
- Collaborate with sales agents and merchants to ensure smooth deployment of credit card terminals.

Audio Production (Contractor)

Raleigh, NC

March 2021 – Present

- Deliver high quality vocal recordings for audiobooks and commercial projects.

- Audio engineering recorded content including editing, mixing, and mastering high-quality audio.
- Produce broadcast-ready audio using industry-standard tools and techniques.

Personal Trainer

Fitness Together – Cary, NC

June 2020 – October 2023

- Designed and adapted personalized training programs across diverse fitness levels and needs.
- Translated complex fitness and nutrition principles into practical, actionable plans.
- Built trust-based client relationships using motivational strategies and empathetic communication.

Business-to-Business Sales

IronNet Cybersecurity – Raleigh, NC

October 2019 – June 2020

- Engaged prospective clients, explaining cybersecurity solutions to both technical and non-technical stakeholders.
- Maintained CRM data integrity to track engagement and optimize outreach.
- Collaborated with cross-functional teams to align messaging and identify client pain points.

Program Coordinator

Healthtrax Fitness and Wellness – Raleigh, NC

January 2018 – October 2019

- Led the physician-referred “Exercise is Medicine” program, onboarding and supporting clients through a 60-day intervention.
- Designed individualized protocols and communicated progress with healthcare providers.
- Combined exercise science with empathy to empower participants and reinforce long-term wellness.
